

Publication Consent

Dear Hamilton Creek Homeowners,

In 2014 the Colorado General Assembly passed legislation that allows our association to compile membership information that may be made available to other members, including publication of a membership directory that contains contact information, **provided** the member gives prior written consent to such disclosure. (HB 14-1125, 38-33.3-317 (b)l, C.R.S.). To assist our members and build community, the Board of the Hamilton Creek HOA would like to create an Owners' List that may be electronically sent to other residents who request a copy.

Please indicate your **consent** (or **non-consent**) to the publication of the information identified below. If you consent to publication, please include your most current contact information. Please be advised that any consent shall be valid until you choose to withdraw it in writing. The HC HOA and the owners agree that consent/non-consent to publication may be given or withdrawn **electronically** by notice to the then-current Secretary of the HOA. The name and contact information of the Secretary may be obtained on the Hamilton Creek Association website at www.hamiltoncreek.info.

Please note that this list will NOT be shared with any parties other than then-current owners of Hamilton Creek property who request the list. This information is not to be used for marketing, selling, promotion or other commercial uses. It should only be used for Hamilton Creek related purposes, E.G., for general information so that we know our neighbors and can contact them in an emergency or notify them of a wildlife threat; for party/gathering invitations; and any other purposes that promote community involvement within Hamilton Creek.

_____ I hereby **CONSENT** to the publication of my contact information set forth below.

_____ I **DO NOT CONSENT** to the publication of my contact information.
